

30S Pre-Calculus Math

Mr. Gabel

Rm. 114

Section _____

Welcome to 30S Pre-Calculus Math. This course will be at a faster pace than 20S Pre-Calculus Math so you must be prepared to work harder and always make sure that your homework is done. If you happen to get behind you may find yourself in a lot of trouble. Anytime you are having difficulty with a topic make sure to come and get help immediately. Don't wait until you're really in trouble! I am usually available at lunch from 12:20pm until 12:45pm, before school (I am usually here by 8:30am) or after school. Please just let me know ahead of time and we'll arrange to meet.

Here are the units that will be covered in this course:

1. Sequences and Series
2. Trigonometry
3. Quadratic Functions
4. Quadratic Equations
5. Radical Expressions and Equations
6. Rational Expressions and Equations
7. Absolute Value and Reciprocal Functions
8. Systems of Equations
9. Linear and Quadratic Inequalities

You will be evaluated on the following:

Final Grade: 75% Term Work and 25% Exam (Jan. and/or June)

Term Work: Tests
Quizzes
Assignments
Mental math, homework checks

More on Grades

1. When you are absent for any reason, you need to find out what you missed and make sure you get caught up.
2. If you miss a test, you must make arrangements to write it. Failure to do so will result in a zero.
3. Homework assignments will be checked for completion on a regular basis.

When you are absent, **YOU** are responsible for everything missed!
